Kontobyte

Visste du att du kan ha **upp till fem** Bitwarden-konton inloggade samtidigt med Bitwardens webbläsartillägg, skrivbordsapp och mobilapp? Använd kontobyte för att sömlöst växla mellan Bitwarden-konton som personliga konton och jobbkonton.

Logga in på ett andra konto

⇒Mobile

To log in to a second (or third, or fourth, or fifth) account, select the currently logged-in account from the top menu bar and select + Add Account.

Säker och pålitlig lösenordshanterare med öppen källkod för företag

Account switching on mobile

Log in on mobile

⊘ Tip

If you have accounts on multiple servers, for example if an employer who self-hosts Bitwarden has issued you a families organization sponsorship, use the **server selector drop down** that is located on the login screen and select the **Self-hosted** menu to change the **Server URL** to the URL for the account.

Ubitwarden.com Self-hosted domain selector

In this example, your work account may use something such as https://your.company.bitwarden.com and your families organization account would use https://walt.bitwarden.com.

Once you log in to your second account, you can quickly switch between them from the same menu, which will also show the current status of each account's vault (locked or unlocked). If you log out of one of these accounts, it will be removed from the list unless vault timeout is set to log out.

(i) Note

Most vault actions, including adding new items or folders, syncing, and settings such as vault timeout and unlock (PIN or biometrics) will only apply to the active account, which you can determine by the icon displayed in the top menu bar of the app.

Some options such as theme are applied to all accounts.

Auto-fill

If you're using account switching, your mobile app will default to auto-fill credentials from the currently active account, however, you can switch from one account to the other during auto-fill

⇒Desktop

To log in to a second (or third, or fourth, or fifth) account, select the currently logged-in account from the top-right of the desktop app and select + Add Account:

•••	🔍 Search Vault		B bitwardenuser@bitwarden ^
 ALL VAULTS My Vault My Organization All Items Favorites Trash TYPES Login Card Identity Secure Note FOLDERS Streaming Services No Folder 	 Item With Attachment My Credit Card Visa, *4242 My Login username@service.com My Mailing Address My Note 	٦bit	A alice@bitwarden.com localhost:4000 Unlocked + Add Account
My Vault Send	+		

Desktop App Account Switching

Selecting $+ \operatorname{Add} \operatorname{Account}$ will take you to the login screen:

			Switch Account \sim
िं Settings			
	U bitv	varden	
	Log in or create	a new account to	
	access your	secure vault.	
	Email Address
