Start an Enterprise Trial

New to Bitwarden?

If you are new to Bitwarden, we would love to help you through the process of setting up an account and starting your 7-day free trial Enterprise organization with our dedicated signup page. [Start your Enterprise free trial.](#)

Or, to learn more about the [Bitwarden enterprise offering](#), see [Bitwarden Plans and Pricing](#) or [Password Manager Plans](#) and [Secrets Manager Plans](#).

Already a user?

If you already have a Bitwarden account, complete the following steps to start your 7-day free trial of Bitwarden Enterprise:

1. Log in to the Bitwarden web app and select the **New organization** button:

The screenshot shows the Bitwarden web app interface. On the left is a dark blue sidebar with navigation options: Password Manager, Vaults, Send, Tools, Generator, Import data, Export vault, Reports, and Settings. The main area is titled 'All vaults' and features a 'FILTERS' section on the left with a search bar and a list of vault types: All vaults, My vault, New organization (highlighted with a red circle), All items, Favorites, Login, Card, Identity, and Secure note. The main vault list has columns for selection, Name, and Owner. It contains four entries: 'My Mailing Address' (Brett Warden), 'My New Item' (myusername), 'Personal Login' (myusername), and 'Secure Note' (Me). A 'New' button is in the top right corner. Below the vault list, the text 'New organization' is visible.

2. On the **New organization** screen, enter an **Organization name** for your new organization and the **Billing email** we can reach you at.

Note

We won't charge you until your 7 day free trial of the Enterprise plan is over. You can cancel your subscription at any time in the **Settings** tab of your organization.

3. If you are trialing the Enterprise plan on behalf of a business:

- Check the **This account is owned by a business** checkbox.
- Provide your **Business name**.

4. Select the **Enterprise** plan option. Doing so will trigger additional enterprise-oriented fields to be displayed.

5. In the **Users** section, enter the number of **User seats** you need. Seats will be added if you exceed this number, unless you [specify a limit](#).
6. In the **Addons** section, enter the amount of **Additional storage (GB)** you need. Your plan comes with 1 GB of shared encrypted file attachments, and you can add additional storage later if required.
7. In the **Summary** section, select whether you'd like to be billed **Annually** or **Monthly**.

 **Tip**

If you want to use [Secrets Manager](#), complete the following steps to add it to your plan:

1. In the More from Bitwarden section, select the **Add Secrets Manager** checkbox.
2. In the **User seats** field, specify the number of seats to purchase for Secrets Manager. This must be lower than or equal to the number of seats specified for your Password Manager subscription.
3. In the **Additional service accounts** field, specify the number of service accounts to add to Secrets Manager. Teams and Enterprise plans come pre-packaged with 50 and 200 service accounts, respectively.

8. Enter your **Payment information** and select **Submit**.

Next steps

Now that you have created your trial Enterprise organization, we recommend that you:

- [Add users to your organization](#)
- [Create a collection](#)
- [Set up login with SSO](#)
- [See self-hosting an organization](#)
